25X1A

CONCURRENCE SHEET

PROPOSED ISSUANCE:  Allowances, Representation Allowances

Draft A dated 8 December 1955

CONCUR:

- (a) Substance
- (b) Rescissions
- (c) Classification
- (d) Distribution
- (e) Authentication by DCI (is) (is not) required

25X1A9a

Office of General Counsel

15 December 1955

COMMENT:

25X1A

Since paragraph 5a requires accounting for all representation allowances, there is no reason why special provision for accounting should be made here, and it is in no case clear that we would be required to comply with the accounting procedures here cited if security or operational considerations arising from our peculiar functions made it impracticable for us to do so.

FOIAb5

Paragraph 4b. Change the phrase "delegated subordinate" to "designated subordinate"; it is the authority which is delegated.

(over) (Job #1420-A-TT)  
Due: 3 January 1956

SECRET

Paragraph 4d. Unless the intention is to require advance written authorization for each individual item of expense, it is recommended that this paragraph be revised to read something as follows:

"No representation expenses shall be incurred prior to the authorization, in writing, of a representation allowance."

Paragraph 5a. Change the verb following "data" from "is" to "are".

Authentication by the Director is required because this regulation rescinds portions of the Confidential Funds Regulations and because this regulation establishes rules and delegates authorities within an uncharted field where it is not clear that the Director's statutory rule-making authority may itself be delegated.
